Dear Mr. Resotka,

It has been brought to my attention that you have been stopping to see us several times a month with items you have collected through your business. Please know that my timing when writing is not in any way a reflection of how truly appreciative we are that you have chosen Big Brothers Big Sisters as the organization to graciously receive the many donations you have given us in recent months.

You may not know how your thoughtfulness will make a big difference to children in our program, but you are helping to give them a better chance for a better life through the magic of mentoring.

Big Brothers Big Sisters strives to match every child in need with a Big Brother or Big Sister. Research demonstrates that relationships between mentors and youth can prevent potentially dangerous behaviors and give young people the confidence, competence and caring they require to grow into healthy, productive adults. With the help and support of a Big Brother or Big Sister, great transformations are possible -- youngsters frequently improve their performance in school, improve their relationships at home and in their communities.

We at the Donation Center know that it is a conscious decision each individual makes when choosing who will receive their donation. Thank you for choosing Clothes for Kid's Sake, Inc., and your commitment to improving the lives of these young members of our society. They will be considerably better off with your support.

Sincerely,

Lori D. Konya  
Chief Executive Officer

**"Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it is the only thing that ever has."**  
— Margaret Mead

Donate your time or money to help a child reach their potential. It might be the start of something BIG.
